MALMÖ: Vol. 1

9 October – 8 November, 2026

Gerdman Gallery
Sturegatan 32

Gerdman Gallery presents **MALMÖ: Vol. 1**, a group exhibition running from 9 October to 8 November 2026, bringing together 17 artists whose practices are connected, in different ways, to Malmö's art scene. Organised in collaboration with artists Johnny Höglund and Sigrid Soomus, the exhibition takes the city as both a point of departure and a common ground from which distinct artistic voices emerge.

Through a vibrant and multifaceted presentation *MALMÖ: Vol 1* reflects on the collective energies that shape Malmö's art scene today. The exhibition puts forward the vitality and energy of the city; the singularity and integrity of its artistic practices; and its network of alternative and artist-run spaces and platforms for art exhibitions. Through Johnny Höglund and Sigrid Soomus as co-organisers, a particular attention is given to the collective forces that create the conditions for artists to live and work in Malmö – a distinctive collegial, artistic and organisational ecosystem whose impact extends far beyond the city.

MALMÖ: Vol 1 at Gerdman Gallery is bringing together a generation of artists, many of who came through Malmö Art Academy, or have chosen the city as their base. Their practices are diverse in form and approach and the works range from painting, drawing, sculpture and photography to installation and conceptual practices, but all share an important link with the city and the networks that have developed around it.
